

UA Marching Band Annual Carwash
August 22nd 10 a.m. to 2 p.m.
Monro Muffler in Tremont Center

This is a “fun”draiser that is much anticipated year after year but will look a little different this year. We will ask that masks be worn by all volunteers and there will be a parent assigned to ensure social distancing. Unlike previous years, all money raised will go to the general band fund and **not** as a personal fundraiser for each student. The funds will be applied to the unexpected expense of PPE to cover instruments, as well as other band needs during this time. **This is not a requirement for band members.** There will be 2 shifts, each 2 hours and 30 minutes (9:30 a.m. to noon & noon to 2:30). We are asking each member participating to bring 3 to 4 towels for drying cars. We will also be in need of parent volunteers as well. A signup genius will be emailed and posted on the website. We want this to be fun for all involved, while keeping everyone safe!
